Evan B. Donaldson Adoption Institute.

The **EVAN B. DONALDSON ADOPTION INSTITUTE** is the pre-eminent research, education and policy organization in its field. For over a decade, the Institute has carried out its unique mission for millions of children and families: to provide leadership that improves adoption laws, policies and practices – through sound research, education and advocacy – in order to better the lives of everyone touched by adoption.

Specifically, the Institute accomplishes its mission through work that includes:

- Providing reliable information and developing “best practices” for professionals, policy-makers and families;
- Working with the media, schools, and employers to benefit adopted/foster children and their families;
- Reducing barriers that impede the adoption of children who need permanent, loving families.
